FOR YOUR BUSINESS

”

WHO ARE WE

Friend Car Trading Ltd. Co. (FCG) is a leading international project development, mainly in automobiles trading, and have branches in many related sectors as Construction, and Contracting and Engineering Company.

We create sustainable solutions and aim to be a leader in quality, green construction, work safety, and business ethics. The company is engaged in the execution of large construction and power supply projects at all area of Iraq.

CHAIRMAN 'S SPEECH

It gives me great pleasure to welcome you to Friend Group General Trading Company (auto trade, medical services) We established the company in 2015 And it has other branches (Basra, the capital Baghdad) It is no secret that the vehicles are considered one of the most important elements of practical life, as it has become a great importance in facilitating human lives and achieving a renaissance in the economy of countries, but rather it performs important life functions for that. We have a fundamental role in (the field of construction, land, sea and air transport, people transport, medical and security services and oil projects) To this end, we will work hard to maintain and develop these services in line with the development of all times and needs, and we will work to meet the needs of customers and secure their comfort by helping them provide suitable vehicles for them. Our customers enjoy great benefits in terms of cost, safety and quality. As a company, we look forward to becoming a leader in all parts of the Middle East We excel in speed, professionalism and accuracy in work and meet the customer's desires and the needs of the different market in addition to our good dealings with customers as our company motto (customer satisfaction is our goal) Since the company was established, it has made a significant contribution to meeting the needs of many sectors in the local and international markets and we have become among the first competitors to supply these areas with vehicles and vehicles. We at Friend Group are here to offer you a greeting and inform you that we are available whenever you need us to support you.

MOHAMMED AWNI SABER
FOUNDER AND CEO MANAGER

BOARD OF DIRECTORS

We always strive to provide the best we have, to create competition in the market and to make the services we provide more quality and speed.

While the requirements of the times are constantly increasing, we are planning for the future and sharing our experiences, opinions and perspectives with everyone. In order to advance these areas for the better.

the Board of Directors

INDUSTRIAL BIG TANKS :

Frack Tanks :

We provide (rent - sell) many industrial companies

all over Iraq country

with the necessary materials and vehicles to carry

out their large projects .

500 BBL Frac Tanks

Double-walled equipments :

Tanks and other equipment filled with liquid often have double walls to ensure that if the liquid leaks through the first wall, the second wall will prevent it from being released into the environment. Some tanks and equipment even have alarms or gauges which go off if the inner wall has been breached. Our exclusive range of liquid storage tanks and portable spill containment products tailor-made to suit various industries like oil and gas, construction, airports, pipeline, refineries, and shipyards. We have delivered spill containment solutions to clients around-the-clock and have a reputation for rapid delivery in emergency situations.
